

Portable Aluminium Bleacher Model “WALK ON”

Our Aluminium Bleacher with Staircase attached is made completely of heavy-duty aluminium. The seating benches and steps are constructed from high quality aluminium profiles and are specially anodised (non-discolouring). They are also treated in order to be non-slip. Long lasting nylon end caps are incorporated. For the export version, we deliver the benches in parts to be self-assembled. All necessary stainless-steel screws and bolts needed for construction are provided.

There is an 8-year warranty. Before ordering 4 or 5 row units, you should check with your local authority that they conform with all safety requirements.

Limited warranty 8 years.
